

KOZANI - PILOT SITE VISIT

MAY 5 – 7, 2026

DAY 1 – Tuesday, 5th May

09:00 – 9:30	Registration Meeting point – Koventareios Municipal Library of Kozani (https://maps.app.goo.gl/U492ecNdQdW8eMaPA)
09:30 – 11:00	Opening & Context framing session • Official Welcome by the Vice Mayor • The mobility context of Kozani • Technical framing of the pilot site • From co-creation to implementation
11:00 – 11:15	Coffee break
11:15 – 14:00	Site Visit – School Buffer Zones Walking visit to 8 th , 5 th and 11 th /14 th Primary school areas <i>KOZ + TREDIT</i>
14:00 – 15:00	Lunch
15:00 – 15:30	School Streets + School Buffer Zones (recorded) Presentation of practical examples and best practices <i>UoW</i>
15:30 – 17:00	Interactive Workshop Session – School Buffer Zones Building directly on the site visit, partners split into three parallel working groups, each dedicated to one of the intervention schools (8th, 5th, and 11th/14th Primary Schools). <i>KOZ + TREDIT + LINKS + IFP + SF</i> Within each group, three connected activities take place: a) A presentation of the pre-intervention survey results, focusing on what they reveal about current safety, accessibility and user perceptions; 20 min b) A walkthrough and open discussion of the planned intervention design, trade-offs and open questions; 40 min c) A co-creation round where participants revise the interventions planned for each school and propose additional “light” interventions (e.g. tactic urbanism). 60 min.
18:00 – 19:00	Optional: Guided city center tour
20:00	Dinner Avli Restaurant (https://maps.app.goo.gl/jCjXsTpkn3nViqzr9)

DAY 2 – Wednesday, 6th May

09:00 – 9:30	Arrival & Coffee Meeting point – Koventareios Municipal Library of Kozani (https://maps.app.goo.gl/U492ecNdQdW8eMaPA)
09:30 – 10:15	WP3 Session – Deliverable D3.4 Presentation of D3.4 “Roadmap for road safety and sustainable mobility in EU cities” <i>POLITO</i>
10:15– 11:30	Guidebook on communication and behavioural change strategies Starting from the Interactive workshop on Day 1, Kozani is seeking support to design behaviour and communication strategies for the three schools. You will be asked to create a practical plan for each school <i>LINKS, SF, IFP</i> a) Presentation of the JUST STREETS Guidebook (10 min); b) Group work on behaviour and communication (45 min); c) Group presentation (20 min)
11:30 – 11:45	Coffee break
11:45 – 13:00	Site Visit – Urban challenge area Walking visit to the 6 th Primary school area <i>KOZ + TREDIT</i>
13:00 – 14:00	Lunch
14:00 – 15:30	Interactive Workshop Session – Urban challenge area A workshop focused on the Ypsilantou & Rousiadou intersection (6 th Primary School area). Participants will jointly identify and prioritize the most critical safety and spatial conflicts observed on-site, discuss potential design responses for an improved school intersection (spatial redesign, parking management, and behaviour-change measures), and assess these against real-world feasibility constraints.
15:30 – 16:30	WP4/WP5 Session - Monitoring & KPIs T5.3 lunching of the questionnaire (<i>RINA</i>) Presentation of WP4 timeline for Pilot Cities updates (<i>CIRCE/RINA</i>) This workshop will be an opportunity to have an overview of the current status of KPIs and the Evaluation Reports from the demo cities. Also, a clear roadmap of the contributions needed and their timeline, as well as a first overview of the platform being developed for reporting the progress, will be presented. <i>CIRCE + RINA</i>
17:00 – 19:00	Optional: Visit to Aiani Meeting point – Koventareios Municipal Library of Kozani (https://maps.app.goo.gl/U492ecNdQdW8eMaPA)
20:00	Dinner (near Aiani) Restaurant “To Póðov” – Rodiani (https://maps.app.goo.gl/Z9UfTqWdAh7XEPCN9)

DAY 3 – Thursday, 7th MAY

09:00 – 9:30

Arrival & Coffee

Meeting point – Koventareios Municipal Library of Kozani
(<https://maps.app.goo.gl/U492ecNdQdW8eMaPA>)

09:30 – 10:30

Field Session: conflicts measurement

Observational field surveys (using LiDAR technology)
POLITO

10:30 – 12:00

T5.4.3: Climate adaptation, circular economy and New European Bauhaus

Join us for an engaging workshop exploring three essential pillars shaping the future of cities. We will explore climate adaptation, the circular economy, and the New European Bauhaus, focusing on how to integrate these three pillars into co-creation and co- design processes. This workshop is part of the assessment methodologies being developed in the Just Evaluate package (WP5).

CIRCE + CA

12:00

Coffee & Departure
